STATEMENT OF FACTS

I Sidney Clayton-Bey #224797 is amending the foresaid Complaint to the above named defendants.

Arguments

I Sidney Clayton-Bey #224797 never had problem with my breathing until I was exposed to (EST) over a period of time. I told the administration that I develops asma and I would to be put in a environment that I don't have to be subjected to Second hand Smoke out by force. There is a lack of "Sprinkler Systems" in the certien dorms.

I told the above named people or defendants that this is unsafe and a violation to fire codes. The Administration ignored my administrative complaint. All these issues are harmful to me and the rest of the inmates at Ventress.

Conclusion

I Sidney Clayton-Bey #224797 is seeking relief for the cruel and unusual punishment of my Eighth Amendment that has been violated. I contest that these actions are cruel to any human that should have a equal chance at life. The above defendants acted out of negligence and caused harm to a person that is trying to preserve his health.
